

## 54 Degrees North

### Stag & Hen Parties

**NO other venue in the North East combines such an impressive array of activities with such an outstanding infrastructure. With over 250 acres of purpose built facilities at our disposal, Camp Hill is the ultimate play 'ground' and the perfect venue the spend your last few moments of freedom!**

### Spectacular & Awesome

#### **Climbing Wall**

Whether you are an experienced rock climber or complete novice, why not try this spectacular discipline. At 40ft, our outdoor wall is one of the tallest in the UK. Exceed your expectations by climbing to the top, or as high as you can. The wall can accommodate six people climbing at any one time on both vertical and inclined slopes.

#### **Bobsleigh Push Start**

One of it's kind! The official dry training track for the Olympians. With top class coaching, teams push a 2 or 4-man 'Bob' for the fastest time of the day. Requires controlled aggression, team power and co-ordinated speed. Although it may seem surprising, parallels are easily drawn with the work environment.

**Sky Walk** - This is the most adrenalinising walk of your life as you clamber 50 feet up a climbing wall and cargo net to the Sky Walk itself. Cross the planked bridge and descend to the floor in a simulated parachute jump

The famous "Sky Walk" and 50ft simulated parachute descent

**Leap of Faith** - Step into the unknown, for a real adrenalin rush, try climbing to the top of a 35ft telegraph pole, standing on a platform no larger than 1ft square and leaping for a Bovy (just in reach!)

**Zip Wire** – Launch yourself into mid air from a 60ft high platform and slide 350ft to the ground on the far side of a lake.

### Adrenaline fuelled fun for the 'petrol heads'

#### **Quad Bikes**

**Agility Tests & Obstacle Course** - Think you can handle an all-terrain quad bike or complete a slalom course in reverse? Then try this event and put your co-ordination skills to the test!

**Quad Trek** - A bike per person, tuition from our Instructor and its laughter and excitement all the way on our Quad Bike safari. The cross-country trek through the quarry, across streams, and up and down hillsides is seriously good fun - but be warned, it isn't just the views that are breathtaking!

**Quad Bike Racing - Rally** – A race against the clock over a purpose built course.

**Enduro** – complete as many laps as possible within a given time period. Teams manage complete race, including, drivers, changeovers and over-taking procedures.

#### **4 x 4 Off Road Adventure**

Experience the thrill driving a demanding 4 x 4 Off Road Course cleanly and safely. (A skill test that requires patience and nerve) You're doing things with the vehicle that seem impossible, driving up muddy slopes, careering into axle-breaking ditches – it's nerve wracking, sensational fun and you'll be improving your driving skills.

#### **Gemini Off Road Buggies**

Outrageous fun, with copious amounts of over-steer, 360 degree spins and loads of mud. Can your team remain cool, calm and collected. Are you able to accumulate more laps than the opposition?

#### **Blindfold Driving**

The driver of the 4x4 vehicle is blindfolded and has to negotiate a coned course with the help of directions from the passenger/team-mate. Instructions, even when shouted, are not necessarily obeyed! This leads to frustrating but hilarious fun!

#### **Powerturns**

With independent front suspension two Honda 6.5 HP Engines (200cc each), balloon back wheels, bicycle front wheels, twin seats and independent lever steering, driving the Powerturn is a bit like riding a rodeo bull on wheels. Communication between the pairs of drivers is essential to complete this course in the best possible time.....you may be bale to control your colleague in the work environment but can you control them in this unique event.

#### **Quadventures Buggy Trekking**

Always a winner, the escorted trekking features open fields, woodland trails, mud, lumps and bumps etc etc. Will the stag or hen have to get out and push if you get stuck in the mud? A great adventure drive! And, remember, the buggies are 2 seater so non-drivers won't be left out.

#### **Quadventures Buggy Arena Games**

Enticing 2 seater buggies and a selection of lively, competitive games for individuals, pairs and teams to have a laugh with.

**Rage Buggy Time Trials – Formula 1 of buggies AND unique to us in the North East**

Featured on BBC Two's Top Gear and voted the best off road vehicle. We run them on time trials, whilst one person is going around the track the next person is waiting in the pits to jump in as soon as the existing driver returns. Team mates can help in getting the drivers in and out of the rage buggies as soon as possible. The best time of the day wins.

## Bang on Target

**Clay Pigeon Shooting-** We are looking to find the 'Top Gun' of the day? Whatever your ability, we will have you knocking the clays out of the sky. THE CHALLENGE: - To shoot as many clays as possible. Our highly trained firearms instructor Julian will be on hand to give you an outstanding experience.

**Archery - Cross Bows:** Learn how to use these awesome weapons .....a great alternative team event.

**Archery – Long Bows:** Can you consistently hit the 'Gold' and record the highest team score for the day? The Silver Arrow – an event which provides a fascinating insight into the techniques and equipment used in the Middle Ages.

**Pro Spec Rifles & Pistols** – learn to use these awesome pro-spec weapons. You will be in an indoor rifle range with a variety of targets to shoot at with full instruction from our firearms expert.

## Adrenaline Pumping Action

### Laser Combat

Is a team based combat simulation game. Equipped with state of the art infrared hardware, players stalk each other using stealth and cunning, strategy and skill. Electronic scatter burst mines, programmed to shoot or activated by enemies, are strategically deployed throughout the field to increase the element of danger. The objective: The maximum scores possible and ultimately survival!

This highly sophisticated adrenaline charged activity takes place in a custom built 5 acre game area, equipped with Flag bases, the village, a bridge too far and the two towers.

Teams will be given a choice of weapons ranging from SMG/Sub Machine Guns, AR-12 assault Rifles and HK-16 Sniper Rifles. Each weapon delivers variable damage and all teams can be monitored by computer scoring system.
